I have amended the July 15 Quarterly Report (04/01/04-06/30/04) to correctly report three (3) payments that were made to the Candidate for his original loan to the committee. The payments originally were reported on line 10 - Other Disbursements, rather than line 21 - Loans by the Committee. These payments were: 1) check #1021 on April 30, 2004 in the amount of \$1,500.00, 2) check #1022 on May 15, 2004 in the amount of \$900.00, and 3) check #1023 on May 15, 2004 in the amount of \$500.00. These were reported on the wrong line of the report simply due to my limited knowledge of the reporting program.

As for the question of contributions received after the election in excess of net debts of the Committee, after the receipt of all contributions-to-date, the Committee still remains with a debt to the candidate in the amount of \$22,100.00. Therefore, the committee has not received contributions, post election, in excess of the committee's net debts.
